Committee Member Announcements			
All Members	<p><b>Kyle Hanson</b> reported there are upcoming changes for behavioral health starting in 2023 according to a press release sent out. It also talks about the 988-crisis line that is coming. Kyle will send out the link to committee members.</p> <p><b>Gina Judd</b> reported there is a new video on the YES website for crisis and safety planning for clinicians. Crisis and safety plans seem to be a focus going forward.</p> <p><b>Stace Gearhart</b> reported on the Juvenile Justice Summit in Boise. He continued by focusing on the residential treatment programs to become more effective and supportive of meeting the needs of the youth; discussion continued about the lack of youth residential programs within Idaho at this time. Through discussion into the accreditation of residential treatment centers for youth it was identified Teton Peaks is available but only to females 13 years and above. From discussion it was suggested to have update presentations by Bannock Youth Foundation and Family First program representative in the near future meetings.</p> <p><b>Suzanne Godfrey</b>- Optum is in the process of organizing the "Give Cold Feet the Boot" event, and they plan on supporting the Mental Health Awareness with the Kites again in the spring.</p>

Operationalize the Region VI Behavioral Health Board Gaps & Needs			
All Members	<p><b>Focusing on next year:</b> Discussion of preparing for the CMH May event was started. It was agreed that the 1<sup>st</sup> Fun Run was successful and it would be nice good to continue with the event for children and families. Yet there is also the suggestion of sponsoring some education/training focusing on crisis and safety planning event for community partners. The committee would like to plan for both.</p>

## Operationalize the Region VI Behavioral Health Board Gaps & Needs Cont.,

<b>Chessie Meyer</b>	<p><b>Partnership for Success Grant:</b> Kyle invited Chessie to give a short overview of what is happening within the PFS grant and if there were any places that the CMH committee could help. Chessie spoke of an DITEP (Drug Informational Training for Educational Professionals) Training. Chessie expressed the that it would be helpful if the CMH committee help with getting the word out on this training. This training is a free one-day training for attendees.</p> <p>Chessie continued her update by talking of the equine-lead life skills program. The 1<sup>st</sup> Cohort of Take the Reins, life skills program course just finished. There is an interest to do a second Cohort in the spring of 2022. If anyone has any referrals for this program, please let Amanda Kent or Chessie know.</p> <p>If you have any leads on youth groups that may be looking for a service project to do, Chessie would like to know. There is a “Sticker Shock Campaign” that need some support. Also, the PFS grant can also provide the curriculum and facilitator training for the “Positive Actions Group”, an evidence -based program for any schools or agencies that would be interested. Please reach out to Chessie if you have any leads.</p> <p>Suggestion to share the PFS grant programming to the targeted care coordinators as they would closely with families.</p>
