| <b>All Members</b>   | <p><b>Collaboration with County Jails on behavioral health services</b> Discussion on improving communication about behavioral/ mental health services for those within the bannock county jail ensued. Katie has been able to ‘introduce the conversation, and what possible guidelines are needed for the RSS committee to support and move forward with filling this identified gap. A resource contact sheet was given and discussion about moving forward with representation from the jail within this committee. It was brought up that clear expectations and outline content is needed for representative to take time to attend this meeting. Follow-up discussion on finding out more information. What services are in place? Is there a need for other services?</p> <p>Michelle updated her efforts on outreach to JoAnn Martinez for discussion on possibility of helping certain BH/recovery service resources to be provided within the jail.</p> <p><b>Outline for Farmer’s Market Booth-</b> The committee members would like to move forward with having a booth space at the Farmer’s Market for the 2023 season. Members began a discussion and plan for the Farmer’s Market booth. For the Region 6 BHB it was suggested that there be an on-line community survey set up for community members input. The cost last year was \$50 for season. If the board approves, the RSS committee will start the booth on June 17, 2023. There will be outreach to other community stakeholders to see if they would like to commit to one Saturday monthly throughout the season. RSS committee will be taking the third Saturday of each month.</p> |   |
