

COVID-19 VACCINE BOOSTER DOSES UPDATE

The Food and Drug Administration (FDA) and the Centers for Disease Control and Prevention (CDC) have authorized and recommended booster doses for Moderna, Johnson & Johnson, and the Pfizer/BioNtech COVID-19 vaccine for certain people.

WHO'S ELIGIBLE FOR THE BOOSTER?

- Adults who received **two doses** of the Pfizer or Moderna vaccine at least six months ago and are **65 years and older**, live in a long-term care facility, or are 50-64 with certain medical conditions
- Adults younger than 50 with **certain medical conditions** who received two doses of the Moderna or Pfizer vaccine at least six months ago
- Adults younger than 65 years who received two doses of the Moderna or Pfizer vaccine at least 6 months ago and are **at increased risk** because of the **work they do** (such as teachers and frontline workers) or because they live in an institutional setting may choose to receive a booster
- Adults 18 or older who received the Johnson & Johnson COVID-19 vaccine two or more months ago

WHERE CAN IDAHOANS GET A BOOSTER?

Boosters are available at pharmacies, clinics, and healthcare providers statewide. They are not available to the public at hospitals. Use the Vaccine Finder to find locations, the vaccine brands available, and walk-in or appointment details. Neither proof of eligibility nor a prescription is required, and all doses of the COVID-19 vaccine are free of charge.
